

APOLLO "XL" fish grader

As a complement to the Apollo standard graders, the Apollo XL grading machine offers the ability of grading larger fish.

The working principle is the same, as well as the well known values regarding fish welfare, capacity and precision.

The APOLLO XL comes in following models:

Number of tracks : 4 or 5 tracks

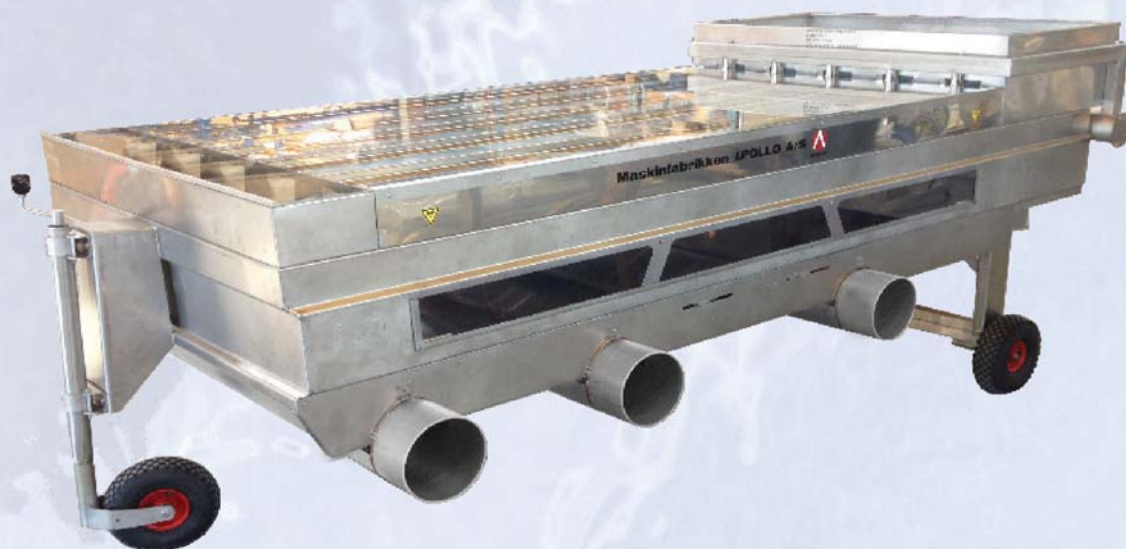

Roller diameter : $\varnothing 89\text{mm}$

Grading length : 2 mtr.

Outlets (grading sizes) : 3 x $\varnothing 200\text{mm}$, reversible

Grading ranges : 2-45, 12-55 or 22-65mm

Power supply: single phase 230V, three phases 230V or 400V
